List of Figures

Figure 1.1: Quark -lepton doublets prior to 1974 1

Figure 1.2: Ratio R of e^+e^- annihilation into hadrons from 0 to 40 GeV 2

Figure 1.3: Discovery of the J/Ψ at Brookhaven and at SLAC 4

Figure 1.4: OZI-suppressed charmonium decay 5

Figure 1.5: OZI-allowed charmonium decay 6

Figure 1.6: The spectrum of charmonium bound states below the threshold to open charm 8

Figure 2.1: The E835 Antiproton Accumulator 20

Figure 2.2: The E835 Hydrogen Gas Jet 27

Figure 3.1: The Spectrometer for Fermilab Experiment 760 29

Figure 3.2: Side View of the E835 Inner Detectors 31

Figure 3.3: Cross section of the Cerenkov detector 33

Figure 3.4: One wedge of the Central Calorimeter 34

Figure 3.5: One ring of the Central Calorimeter 36

Figure 3.6: Front view of the Forward Calorimeter 39

Figure 3.7: Forward Calorimeter Module 40

Figure 4.1: The CCAL Trigger Logic 43

Figure 4.2: Hardware of the E835 Data Acquisition System 47

Figure 4.3: Active DART software processes for the DAQ 50

Figure 4.4: The filter PRUDE and the logger 51

Figure 5.1: Decay of the J/Ψ or Ψ' in the helicity formalism 61

Figure 5.2: Lowest order Feynman graph for the strong contribution to the angular distribution parameter 67

Figure 6.1: Data Analysis Flow Chart 78

Figure 6.2: Behavior of the CCAL Clusterizer 84

Figure 6.3: Detection efficiency of the scintillating fiber tracker 87

Figure 6.4: Number of fibers hit as a function of polar lab angle 87

Figure 6.5: J/Ψ On-time Cluster Number 92

Figure 6.6: Ψ(3686) On-time Cluster Number 93

Figure 6.7: J/Ψ Invariant Mass 96

Figure 6.8: Ψ(3686) Invariant Mass 97

Figure 6.9: J/Ψ Acoplanarity 99

Figure 6.10: J/Ψ Akinematics 100

Figure 6.11: Ψ(3686) Acoplanarity 101

Figure 6.12: Ψ(3686) Akinematics 102

Figure 6.13: J/Ψ Total Energy 104

Figure 6.14: Ψ(3686) Total Energy 105

Figure 6.15: Invariant mass for Background Runs 1180-1184 108

Figure 6.16: Invariant mass for Background Runs 1283-1289 109

Figure 6.17: Angular Distributions for Background Candidates 110

Figure 7.1: $J/\Psi \rightarrow e^+e^-$ Angular Distribution 116

Figure 7.2: $\Psi' \rightarrow e^+e^-$ Angular Distribution 117

Figure 8.1: Comparison of thesis value with the theoretical predictions for the angular distribution parameter at the J/Ψ 123

Figure 8.2: Comparison of thesis value with the theoretical predictions for the angular distribution parameter at the Ψ' 124

Figure 8.3: Comparison of thesis value with previous experimental data for the angular distribution parameter at the J/Ψ 125
